Il decoro **Weave** ideato appositamente per le lastre **Portland**, è un inusuale gioco di sovrapposizioni di texture che trasforma la superficie in un esercizio tecnologicamente innovativo, dall'effetto iper-strutturato. Frutto di un importante impegno nella ricerca applicata al processo produttivo, questo nuovo decoro rappresenta un'innovazione estetica che unisce la tecnologia alla materia. **Weave** infatti disegna sulla superficie, un leggero velo naturale composto da pura graniglia, una fitta trama intrecciata a forme regolari che ricorda il classico rattan.

The **Weave décor** is an original layering of textures that transforms the surface into a technologically innovative composition with a highly structured effect. The result of significant research applied to the manufacturing process, this new décor represents an aesthetic innovation that brings technology and materiality together. **Weave** traces across the surface, like a delicate natural veil made of pure granules, a dense interwoven pattern of regular forms reminiscent of classic rattan.

Fior di Viola

Like a brushstroke of colour across a canvas, Fior di Viola shapes matter with both intensity and grace.

Sul fondo avorio, le venature bordeaux scorrono libere e profonde, creando un gioco di contrasti che richiama la forza dell'arte e l'eleganza della natura. Ogni superficie è un equilibrio tra luce e profondità, tra natura e movimento.

Set against an ivory background, deep burgundy veins flow freely across the surface, creating a striking interplay of contrasts that evokes the power of art and the elegance of nature. Every slab expresses a delicate balance between light and depth, nature and movement.

Tailored for Contemporary Spaces: Dress Code

Dress Code nasce dall'incontro tra design e superficie, interpretando la ceramica come un linguaggio di stile e composizione. Oggi la collezione amplia il proprio orizzonte espressivo e trova una nuova dimensione attraverso le novità Ariostea, mantenendo intatta la sua identità sofisticata e contemporanea.

Dress Code emerges from the meeting of design and surface, interpreting ceramics as a language of style and composition. Today, the collection expands its expressive horizon and finds a new dimension through the latest Ariostea additions, while preserving its sophisticated and contemporary identity.
