Silk Stone.

Silk Stone gets inspired by the beauty of natural stone, combined with the delicate lightness of silk. It is the result of a harmonious blending of opposites, allowing for the genesis of exciting and unique solutions.

This one-of-a-kind collection includes a tone-on-tone decor in a light and in a dark version, with ornamental motifs that enrich the porcelain slabs. This adds a fresh, delicate taste to the surface, which turns into a beautiful textured carpet.

Beautifully designed, the fusion between the ethereal touch of silk and the rugged charm of stone gives rise to an elegant and minimalistic ambience.

Material essence.

A remarkable journey where artistry meets sustainability.

Characterized by a very soft stone look and a natural finish, Silk Stone offers a palette of warm and natural colors that visually recall the gentle appearance of limestone and the elemental nature of materials to combine Silk Stone with, such as wood and raw earth.

Discover the exquisite beauty of surfaces that reinvent nature's masterpieces, all while honoring our commitment to the planet we cherish.

Together, let's create spaces that not only captivate the eye but also nurture the soul.
