## Porcelain stoneware surfaces. Where Italian design meets German quality.

### Who we are.

We are part of the Italian Iris Ceramica Group, one of the world's leading high-end suppliers of ceramic surfaces.

In our two production sites in Vetschau (Germany) and Castellarano (Italy), we manufacture premium ceramic surfaces, that follow the highest standards in quality, sustainability, and innovation.

### What we do.

We are specialized in the production of porcelain slabs in standard and large formats as well as special pieces. Our product range covers ceramic solutions for indoor and outdoor applications offering an exclusive range of colors, finishes, effects, formats, and thicknesses.

### How we do.

We are passionate about rethinking standards and embrace customer needs and change as opportunities to optimize our competence in ceramic craftsmanship.

Everything we do is based on our values, which we consistently prioritize in our product development:

### Quality.

We provide our customers with premium porcelain surfaces that meet the highest demands of design, functionality, and durability.

### Sustainability.

We are committed to minimizing our impact on the environment through sustainable production practices, responsible sourcing of raw materials and waste reduction.

### Innovation.

We constantly improve our products and services to meet customer and market demands.

### Let's start a project.

Together.

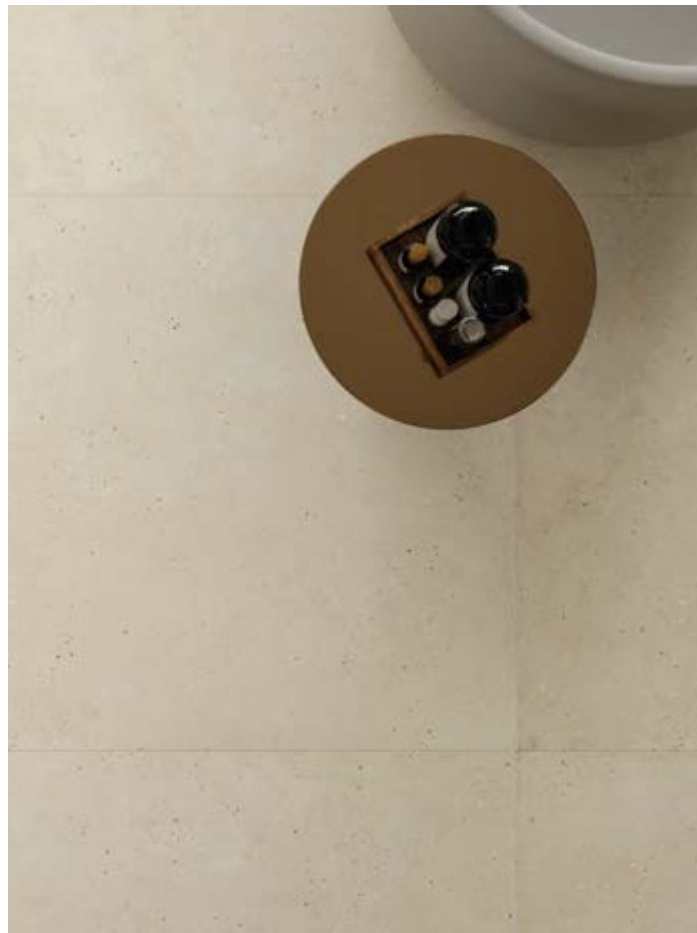

Collection: Stardust | Colors: Ash, Ocean

# Stardust.

**This collection integrates the tradition of clay as a timeless and versatile material with its industrial development in the realm of technical ceramics.**

Stardust stands out for its modern interpretation of intense colors, creating an interesting dialogue between realistic shades and trendy hues, such as aquamarine green and ocean blue.

The ceramic surface gets enriched by a dance of small, colored flakes akin to celestial stardust, simulating the coincidence and uniqueness of natural and handmade materials. The aesthetic of each surfaces gets original, contributing to the realization of a modern and unique atmosphere, somehow astral.
